

The Juan de Fuca Community Land Trust Society

The Juan de Fuca Community Land Trust Society has been established to acquire lands in the Juan de Fuca area for the benefit of the community and to either:

- Donate such lands to the municipal, regional or provincial government to be used as park land, or
- Hold such lands and operate not-for-profit educational and recreational programs from facilities established on the lands for such purposes.

To facilitate these purposes, the Land Trust has established a fund at the Victoria Foundation.

The current priority is the acquisition of the 70 acres owned by the estate of Rear Admiral John Alexander Charles. Contributions to the ***Juan de Fuca Community Land Trust Admiral's Forest Fund*** will facilitate the purchase of the land known as the Admiral's Forest - a beautiful, mature, second-growth forest with trails and undisturbed wildlife habitat

Donations to this fund will be held in trust by the Victoria Foundation and, on the recommendation of the Land Trust's Board of Directors, grants will be made to a qualified donee to meet the goal of acquiring this valuable parcel of land.
